

Schedule 3—Tender Application Form

www.dnrm.qld.gov.au

ABN 59 020 847 551

Tender application form for general reserve unallocated water

Only those parties who are eligible to hold a water licence under section 203 of the *Water Act 2000* (Water Act) will be considered for general reserve unallocated water.

Part A—Applicant details

Information Privacy Notice (*Information Privacy Act 2009*)

The information being collected in this form will be used by this department for the purpose of processing your application for general reserve unallocated water under the authority of Part 2 of the Water Regulation 2002. Your personal information will not be disclosed to any other parties unless authorised or required by law. The information collected will be retained as required by the *Public Records Act 2002* and may be stored in a departmental database. Information on the department's privacy commitment can be found on the department's website.

Name(s)

Specify the full name of all persons applying to purchase the unallocated water.

Title	First name	Middle name	Surname

or

Corporation, trustee or entity name(s)

ACN (if a corporation)

Part B—Volume of water

Water type

Select one only. Use a separate Tender Application Form if applying for more than one water product.

Watercourse water Watercourse water and overland flow water Overland flow water

Tender volume

Specify the volume of water you are tendering for:

Minimum megalitres

Maximum megalitres

Tender price

Bid price \$ _____ per megalitre

Proposed water entitlement

If the tender is for watercourse water, or, watercourse water and overland flow water, specify:

Annual volumetric limit megalitres Proposed maximum rate at which water is to be taken litres per second

OR

If the tender is for overland flow water, specify:

Annual volumetric
limit

megalitres

Maximum stored
volume

megalitres

Part C—Source and location of water

Source of water

Provide the name of the watercourse, lake or spring from which the water will be taken.

Location of take

Describe the parcels of land on or adjoining the place from which the water is to be taken. If water is to be taken from a point within the bed and banks of a watercourse which cannot be properly described in terms of a lot and plan, enter the property description of the nearest adjacent land and tick the 'Adjacent to' (✓) box.

Adjacent to (✓)	Lot	Plan	Adjacent to (✓)	Lot	Plan
<input type="checkbox"/>	<input type="text"/>	<input type="text"/>	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
<input type="checkbox"/>	<input type="text"/>	<input type="text"/>	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>

To take water from a specific point(s) on the nominated land, provide the GPS latitude and longitude coordinates (Datum GDA 94 or WGS 84) for the proposed location of take.

Latitude	Longitude
1 <input type="text"/> ° <input type="text"/> ' <input type="text"/> " S	<input type="text"/> ° <input type="text"/> ' <input type="text"/> " E
2 <input type="text"/> ° <input type="text"/> ' <input type="text"/> " S	<input type="text"/> ° <input type="text"/> ' <input type="text"/> " E
3 <input type="text"/> ° <input type="text"/> ' <input type="text"/> " S	<input type="text"/> ° <input type="text"/> ' <input type="text"/> " E

Location of land to be supplied

Specify the Lot and Plan numbers for the land on which the water is to be used. This is the land to which the proposed licence would attach.

Lot	Plan
<input type="text"/>	<input type="text"/>

Map/Sketch

Please provide a sketch of proposed bore locations including the distance of the proposed sites from property boundaries.

Part D—Declaration

If more signature space is required, copy or print a blank copy of this page, complete and attach.

I/we, the undersigned, declare that:

being the owners of all the land referred to in this application, I/we do hereby apply to purchase general reserve unallocated water and declare that the information and attachments contained in this application are true and correct.

Upon our receipt of your Acceptance Form a legally binding agreement is formed between you and the Department comprising this tender, the Licence - including any conditions, and the Terms of Sale (which includes your statement addressing the Evaluation Criteria).

Schedule 4—Tender checklist

The checklist below provided may assist you in checking that you have submitting **your tender in conformity with the following requirements** for us to proceed to assess your tender against the Evaluation Criteria in Schedule 3.

Have you entered all of the mandatory written information required to be inserted into the fields in the Tender Application Form for (i) catchment area; (ii) nominal entitlement; (iii) the water product (source of water); (iv) bid price (\$ 45 per megalitre)?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Have all registered owners or lessees of the land to which your this tender applies completed all parts, signed and dated the Tender Application Form?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
If applicable, where a person or corporation on behalf of you under power of attorney executes the Tender Application Form, has a certified copy of the power of attorney been included with the tender.	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Has a statement with supporting evidence addressing the Evaluation Criteria been included?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Have you made a separate tender for each water product you are applying for?	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Are you an owner of land as defined in section 203 of the Water Act – you must be to make an application under this process.	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>
Have you submitted your tender by the closing date - 5pm 29 January –to our address (see section 8 of these Terms of Sale)	Yes	<input type="checkbox"/>	No	<input type="checkbox"/>

Schedule 5—Evaluation Criteria Proforma

Statement addressing the Evaluation Criteria in Schedule 2

The purpose for which the water is required: Irrigation Other

If other, please describe:

.....

Efficiency of existing and proposed water use practices:

Irrigation

Is irrigation currently practiced? Yes No

If yes, what area is irrigated?hectares

What crops are irrigated?

.....

What is the estimated volume of water used megalitres/annum

What irrigation method is used?

.....

What water use efficiency strategies do you use? E.g. soil/water monitoring, evaporation mitigation:

.....

Proposed irrigation:

What crops and area do you propose to irrigate?

.....

What volume or depth of water do you intend to apply per crop?megalitres/annum
or mm/day or week?

What irrigation method is to be used?

.....

For surface/flood irrigation what furrow lengths are proposed?

.....

Is tailwater recycling proposed? Yes No

How are crop water requirements to be determined? E.g. soil/water monitoring, weather data, etc:

.....
.....

Details of infrastructure for taking and storing water, eg size & construction details

.....
.....
.....
.....
.....

Suitability of land (for irrigation use)

Is land available without remnant vegetation? Yes No
Or is an exemption to clear available? Yes No

Will ecological assets and/or high value environmental features be affected by the development?

Yes No If yes, describe how the effects will be mitigated.

.....
.....
.....

Will cultural heritage sites be affected by the development? Yes No

If yes, describe how they will be mitigated:

.....
.....
.....

Describe the texture of the soils:

.....

What landscape limitations need to be addressed? e.g. salinity, sodicity, drainage

.....
.....
.....

Indigenous matters

Describe any potential for the proposal to benefit local indigenous communities

.....
.....
.....

Are there any known local indigenous values that may be impacted by the taking of water?

.....
.....
.....

Intention to use water

What is the land tenure type and purpose?

.....
.....
.....
.....

What is your timeframe for development?

.....
.....
.....

Map

Include map/maps that show:

- The outline of your development plan, for example the location of existing or proposed infrastructure for taking, storing and using the water
- Remnant vegetation
- Ecological assets and high value environmental features for example flood plain wetlands and water holes
- Topographic features including slope of land
- Location of known cultural sites
- Areas where water use may be affected by soil salinity, sodicity and/or drainage concerns.
